

KOF XV THE KING OF FIGHTERS ORIGINAL SOUNDTRACK

KOF XV is the 15th mainline title in the KOF series, and the DJ STATION is packed with its entire music legacy. I would be lying if I said I wasn't afraid that the new songs would be buried under the many classics built up over the years.

However, we are confident that you will find that KOF XV's music is more exciting and fresher than ever before, while also carrying on the legacy of KOF, which has always been about evolving and changing with the times without forgetting its roots.

SHATTER ALL EXPECTATIONS.

NOW OR NEVER

MUSIC & Lyrics : Steven McNair
Vocal : Steven McNair

[INTRO]
All hell is coming
You'd better know
Cause I ain't running
I'm right there where the battle goes

[VERSE 1]
Didn't lose nothing,
Even with hands tied
Thought I really had something, but
Push came to shove
Senses start distorting
I get hit too low
This is not a warning
Once I'm down they will come for you (You)
Before I give the crown
Like you I'd rather drown (Drown)
So many things I will never say
but you should know by now

[SABI]**
Once The hour is too late,
Pride and arrogance have found their prey
We will pay
Take my hand, Its now or never
Don't let them escape
Back to back, attack, defend the day
Just one way,
Its together, now or never
All hell is coming
You'd better know
Cause I ain't running
I'm right there where the battle blows

[VERSE 2]
I don't care about your sin
and I'm not your friend
But I know you got something, So
Go show them what
when the flies come swarming
Smash them into bits
This is not a warning
Its as real as it ever gets
We've got the target locked
We hit until it's dropped (Dropped)
Adrenaline rush we feel no pain
clenched Jaws and fists are cocked,
my fists are cocked

Repeat **[**SABI]**

[BRIDGE]
Anywhere, Im right there
(BUT) I'm not enough,
With someone beside me we'll make it this
time (HEY) My heart is a stone, I won't give
I won't give up, I won't give up

Repeat **[**SABI]**

I'm right there where the battle blows

Here I am

Lyrics : Marshall Smith & Tom Fox

Here I am

[Verse 1]
Terrible disasters keep happening you see
Is it me or just the weight of
the world or piling up on me?
I need someone to rely on
Someone I can trust
I need someone to lend a hand
Before I just give up

[Bridge]
Are you the friend I'm searching for?
Somebody I can trust?
I don't know what I'm ready for
if I don't act now, who knows when,
I'll try anything

[Chorus]
Hello my friend
You take my hand
And the door I thought would never open
Opens up again
Hello my friend
The view out on the other side is
the best thing that I've seen
Is this what life is all about?
Could this be what they mean?
We are all so much stronger together

That's what you taught me

[Verse 2]
All these strange disasters
Are circling around
Is there nothing I can do, to stop
from falling down?
I need someone to call on
Someone who'll be there
I need some help from a friend
To get me out of here

[Bridge]
[Chorus]

Here I am

[Bridge]
[Chorus] (X2)

That's what you taught me

Here I am (X 4)

Time for revolution It's our generation

Lyrics : Lionel ACKAH
Rap Vocal : Kristen Watts

[Intro]
Is that all you've got in you
All this time you belittled us
Now you realize a new era is coming
But it's too late my friend
Too late...

[A1]
You're an artifact of the past
We're here to bring the contrast
The colorful generation has arisen
You live in a world of disillusion
All is left for you... Oblivion
With the [amigo] on my side
You're left with no choice but abide

[A2]
You're surrounded left and right
Time for you to give up the fight
All you say is superfluous
You still think (that) you intimidate us
It's an omen on the wall
Only you cannot see the fall
My graffiti's are glory, are godly
They will lead us, to eternity

[Chorus]
Time for revolution
It's our generation *4
